PROPOSAL TO CONSTRUCT
Riverside Extension Phase 2B

To: Honorable Mayor
Members of the City Council
City of Spokane, Washington

Bidder's Declaration. The undersigned bidder certifies that it has examined the site, read and understands the Contract Documents for the above-named project, and agrees to comply with all applicable federal, state and local laws, regulations and executive orders. The undersigned bidder is hereby advised that by signature of this bid proposal it is deemed to have acknowledged all requirements and signed all certificates contained herein.

"The undersigned Bidder hereby certifies that, within the three-year period immediately preceding the bid solicitation date for this Project, the bidder is not a "willful" violator, as defined in RCW 49.48.082, of any provision of chapters 49.46, 49.48, or 49.52 RCW, as determined by a final and binding citation and notice of assessment issued by the Department of Labor and Industries or through a civil judgment entered by a court of limited or general jurisdiction."

"I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct."

Bid Offer. The prices as listed in this bid proposal are tendered as an offer to furnish all labor, materials, equipment, and supervision required to construct the proposed project in strict accordance with the Contract. The undersigned proposes to complete the project at the following prices:

Proposal for Incorporating Recycled Materials into the Project

In compliance with a new law that went into effect January 1, 2016 (SHB1695), the Bidder shall propose below, the total percent of construction aggregate and concrete materials to be incorporated into the Project that are recycled materials. Calculated percentages must be within the amounts allowed in Section 9-03.21(1)E, Table on Maximum Allowable Percent (By Weight) of Recycled Material, of the Standard Specifications.

Proposed total percentage: _____ percent.

Note: Use of recycled materials is highly encouraged within the limits shown above, but does not constitute a Bidder Preference, and will not affect the determination of award, unless two or more lowest responsive Bid totals are exactly equal, in which case proposed recycling percentages will be used as a tie-breaker, per the APWA GSP in Section 1-03.1 of the Special Provisions. Regardless, the Bidder's stated proposed percentages will become a goal the Contractor should do its best to accomplish. Bidders will be required to report on recycled materials actually incorporated into the Project, in accordance with the APWA GSP in Section 1-06.6 of the Special Provisions.

This form is to be submitted with the Bid Proposal, or within one (1) hour after the published bid submittal time.

RCW 39.30.060 (as amended) states:

“Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work ... shall require each prime contract bidder to submit as part of the bid, or within one (1) hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work.

The prime contract bidder shall not list more than one (1) subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid nonresponsive and, therefore, void.” (emphasis added)
